VOLUNTEERS and WORK DEPOSIT PROGRAM

Our ability to hold the line on registration fees is related to our budgeting significant proceeds from fund-raising activities. In order to meet these aggressive goals, we must have the support of every family in the association. Also, as the benefits of fund-raising are enjoyed by all, it is important that all members contribute equally. With this in mind, work deposit program was implemented for the 2002-2003 season. Parents are asked to volunteer a minimum of **ten hours**. **At the beginning of the season, each family will write a check for \$200.00 This money will be refunded if all ten work hours are completed.** Completing partial work hours will not translate into receiving a partial refund. Following are some facts regarding fund-raising and the work deposit program.

- **32% of SSYHA's revenues for 2009-2010 season are expected to come from fundraising in one form or another.**
- **Based on our proposed budget, the registration fee for every player would increase by \$188 if not for fund-raising. For example, the average "B" or "C" team registration would increase by approximately 36% without fund-raising.**
- **A small fraction of people were doing the work to raise funds for the entire Association. In effect, those not participating in fundraising activities were enjoying a huge subsidy at the expense of those that were working.**
- **The amount generated through fundraising has stagnated or declined over the past few years.**
- **Each team is allotted hours to distribute to coaches and managers.**
- **THE WORK DEPOSIT IS ONLY APPLICABLE TO FUNDRAISING AND THE HOURS CONTRIBUTED CAN ONLY BE APPROVED BY THE FUNDRAISING COMMITTEE.**

Upcoming tournaments and events that can be applied to your work deposit:

Jim Fournier Tournament- October 30- November 1, 2009

Adele Dombroski Tournament- November 27-29, 2009

Ski Town Classic- December 4-6, 2009

Skatin' The 'Boat Mite Jamboree- March 12-14, 2010

Additionally, this season, SSYHA will be responsible for selling concessions during the SSSH hockey games. These will be additional opportunities for your family to fulfill their work deposit obligations

See Work Deposit policy for more information on how to work off your hours

Fundraising and Corporate Gift Opportunities

Our newly created Fundraising program has many opportunities for those individuals and businesses who would like to sponsor Steamboat Springs Youth Hockey Association teams. The attached fundraising packet outlines program options and ways to financially support SSYHA.

You are always welcome to donate to your child's team individually, whether through tournament fees or approved team apparel, however those funds would not be eligible for tax deductions under our associations 501(c)3. Corporate logos will not be allowed on any items for our players, unless they have gone through the appropriate fundraising program.

We appreciate any help with fundraising for our association. Silent auction solicitation is greatly appreciated and should be directed to Cathy Watts, Director of Fundraising. Individual teams are asked to support the association by not conducting any additional outside fundraising.

Team Operations

The success of a team's hockey season is also directly dependent on our association's volunteer support. There is a great deal of work that needs to be accomplished each year just to get our players on the ice. Please support your SSYHA team and volunteer your time to make sure that our youth athletes have a wholesome, nurturing, and exciting hockey season.

Volunteers are needed throughout the season for:

-Jersey/Equipment Coordinator, Registrar, Tournament Planning Committees, Tournament Chair/Director, Fundraising, Website

If you are interested in helping, please contact your team manager or SSYHA Director of Hockey Erik Blasé.

HELPFUL HINTS FOR PARENTS OF HOCKEY PLAYERS

1. Support and respect your child and their team. Mistakes are part of the learning process for everyone. Always be positive and provide guidance through difficult times.
2. Be completely honest with yourself about your child's athletic capability, level of skill, competitive attitude and sportsmanship.
3. Do not compare your child to other players on the team. Compare them only to their own potential and what *they* want from the game.
4. Through this great game of ice hockey, help teach your child to enjoy the thrill of competition and sportsmanship. Help them develop a healthy, competitive attitude towards striving to always be at their best and to be proud of their accomplishments
5. Exercise and practice good sportsmanship and proper competitive attitude at all times yourself. Cheer for all of the players on the ice and the good plays for both teams.

6. Never yell or scream at your player, coach, referee or any other participant of the game or practice. Remember, it is *their* game, not yours and everyone involved is trying their best.
7. If you must criticize, do it in private, not in public and please use the complaint resolution procedures. You can be very influential on your child's attitude towards their coach, teammates and even the game itself. Do not assume they feel the same way or want the same things you do. Remember, it is *their* game.
8. Temper your reactions from the "stories from the rink". Often times they are exaggerated. Help teach your child the importance of handling problems appropriately and the necessity for rules, regulations and discipline.

PARENTS' CODE OF CONDUCT

1. I have read and will follow the "Helpful Hints for Parents of Hockey Players"
2. I will set a proper adult example for all of our young athletes at all times. Parents are also Representatives of SSYHA.
 - In the stands: Refrain from obnoxious or inappropriate comments towards the official, coaches, other adults, or any participant of the game. The highest level of sportsmanship is expected from parents too.
 - In the lobby: Congratulate all participants on a good game.
3. Please respect your coach's locker room contact policy. The coach needs time with their team. It is an important aspect for a team's development.
4. Always respect referees. Do not approach referees with any grievances.
5. Always use adult behavior with conflict resolution with any member of the team. Praise in public, criticize in private. The locker room, the lobby or any public team functions are not the proper place to express grievances. Always use the SSYHA complaint resolution procedure.
6. Support your team! The more positive support your team receives, the better and more fulfilling hockey experience your player and yourself will have.
7. Please note that the SSYHA Board of Directors reserves the right to take disciplinary action towards any inappropriate behavior from its parental membership.

SSYHA Hockey Programs

"A" Level

The SSYHA "A" level hockey programs are offered as an opportunity for players to experience a higher level of play and performance expectations. These teams require a greater level of commitment as their practice, game, tournament and travel schedule is more demanding in terms of time, frequency and expectations.

The travel teams compete in the CDYHL which consists of teams from Aspen, Eagle-Vail, Laramie, Summit, Denver Country Club, Glenwood, Pueblo, and Greeley.

Due to the more competitive nature and greater commitment level of this program, tryouts/evaluations are necessary. Team roster spots are reserved for the highest skill level players in their age category and will be determined through an evaluation/tryout process.

"B" and "C" Level

The SSYHA "B" and "C" programs are the backbone of SSYHA. These programs are designed to be more convenient and geared for beginner players ("C"), those who need further skill development ("B"), or those who love to play hockey but also have strong commitments to other activities. These "B" and "C" teams participate in the CDYHL which consists of teams from Aspen, Eagle-Vail, Laramie, Summit, Denver Country Club, Glenwood, Pueblo, and Greeley.

RMVHL Midget teams include Oak Creek, Craig, Kremmling, Durango, Gunnison, Crested Butte, and Telluride.

Midget Major A: The SSYHA Midget program acts as an option for players of high school age, but without the attributes necessary to compete with the Steamboat Springs High School Program. Any player that does not make the high school team is encouraged to participate in the Midget Program. Additionally, this season SSYHA will run a Pre-Season Midget team that will play from mid-August until the 1st week of November.

SSYHA Player Evaluation process and criteria:

Player evaluations will consist of at least 2 sessions. Each session will consist of skill drills and game situations (scrimmage). Players will be evaluated by the age category Head Coaches, Assistant Coaches, 3rd parties with no direct interest in the age level being evaluated, and the Director of Hockey. All final team rosters will be approved by the Director and posted at the SSYHA office in Howelsen Ice Arena. Player selections will not be discussed with anyone but the evaluator and Director after team rosters are announced.

Selection criteria will be based on the following: skating ability (speed and agility), puck handling (control), passing (accuracy and receiving), their attentiveness and ability to listen and follow directions properly.

During scrimmages players will be evaluated on work ethic (2nd & 3rd efforts), playmaking abilities (with and without the puck), sportsmanship and attitude.

*** Please note that player selections are not an exact science. Every coach sees different attributes for each player. Players will be selected as fairly and appropriately as possible.***

SSYHA GRADE POLICY & RELEASE FORM

Standard: All Steamboat Springs Youth Hockey Association ("SSYHA") players enrolled in the 7th grade or above will be held to the academic standards for athletic participation in Steamboat Springs School District ("SSSD") athletics and SSSD policy will apply. For any player with verified learning challenges, it will be the responsibility of the player and/or his or her parents to furnish to the SSYHA Director of Hockey an appropriate minimum requirement consistent with the player's education plan at his/her school. Copies of SSSD academic standards for athletic participation are on file at the SSYHA office.

Procedure: Standards will be monitored during the SSYHA hockey season, beginning the week of travel team selections and ending the last week of team practice. Typically, grades are monitored on a weekly basis. The SSYHA Director of Hockey will be responsible for obtaining information from the schools. In any case of non-compliance, the Director will immediately notify the player and his/her parent and institute any penalties. The Director will also notify the Head Coach of the player's team. It will become the player's responsibility to improve any sub-standard grades and to provide proof of compliance with the standards as soon as possible so that the Director may clear the player to participate. It will be the coach's responsibility to enforce any suspension of play. The SSYHA agrees that any information provided by a player's school to the Director of Hockey for the purpose of determining compliance will be used for that purpose alone and all information obtained will be held in the strictest confidence.

Penalties: **Any player not in compliance with this policy will become ineligible to participate in practice or games** until the Director of Hockey receives verification of compliance, said verification to be decided upon by the school and Director. Any player not in compliance with the policy will remain ineligible until all matters are resolved. **Any player participating in SSYHA activities in violation of these procedures will be removed from the active team roster and must apply for reinstatement through the SSYHA disciplinary procedure.** As compliance with this policy is within the control of the player, no reimbursement from the SSYHA for time missed will be provided. The SSYHA Board of Directors will appoint a committee to hear all special requests or protests, and any decision by the committee will be final.

SSYHA COMPLAINT RESOLUTION POLICY

Steamboat Springs Youth Hockey Association (SSYHA) is committed to creating a positive hockey experience for our young athletes and their parents. Even with good and open communication though, conflicts may arise. Although we strive to make these instances rare, we know they will happen.

The SSYHA philosophy is to first allow those closest to a problem to attempt to resolve it prior to getting the SSYHA Board involved.

The complaint resolution "tree" is as follows:

Please allow for a 24 hour "cooling off" period before addressing any concerns. After 24 hours, if you still feel the need to address the problem, please follow the appropriate measures.

1. Attempt to solve the problem directly with the player's Coach. If unable to resolve the problem;
2. Contact your Team Manager. If the Team Manager is unable to resolve your complaint;
3. Contact your Parent Representative. They are members of the SSYHA Board. If the Parent Rep is unable to resolve the issue, he or she will contact the Director of Hockey and/or President of the SSYHA Board.
4. The President/Director will bring the issue to the balance of the SSYHA Board for discussion. The individual with a complaint will

have an opportunity to present their issues directly to the SSYHA Board. All decisions of the SSYHA Board will be final.

Note: The Director of Coaching and Player Development will work with Coaches in attempting to resolve the problem at the coaching level.

SSYHA WORK DEPOSIT POLICY

1. \$200.00 check will be required with every registration. We will allow these checks to be post dated to 3/22/2010.
2. Prior to 3/22/2010, we will cash only those checks where the participant has indicated that they wish to pay and not work.
3. If a family desires to prevent their check from being cashed, they can do so by performing approved work prior to 3/22/2010.
4. A work deposit form is included in the registration packet which asks the participant whether they wish to work or pay. If work is chosen, a list of all fundraising activities is available so that every participant can plan their work schedule for the year.
5. The work deposit is only applicable to fundraising and the hours contributed can only be approved by the fundraising committee or its designee.

MOVE-UP / PLAYING UP Policy

SSYHA encourages players to only tryout at the specific age group as decided by USA Hockey guidelines. However, any player wishing to tryout at a higher age group must:

- Submit the request in writing, to the SSYHA board and Director of Hockey, ten days prior to the start of tryouts.
- Sign a waiver releasing SSYHA from any claims of injury.
- The Director of Hockey and the coaches at the next level of play must approve the player to move-up by a majority vote. A recommendation is then made to the SSYHA Board for what level of play is best for the player based on safety, skills and systems.
- The player moving up must be an "Impact Player" at the next level and make the top team at the next level.
- The Director of Hockey will notify the player and parent(s) of its decision prior to tryouts, or at the conclusion of the tryouts, should the player not qualify for the top team at the next level of play.

Girls Playing on CDYHL/RMYHL Teams Policy:

The director of hockey and boys coaches will work together to evaluate the skill level of each interested girls player that would like to participate in the boys program. Based upon the successful recommendation of the DOH and coaches, girls may:

- 1) Play MSGHL hockey only
- 2) Double roster with the girls' team being the first priority, fees will be 100% of the girl's registration and 75% of the boys selected team.

Note: Exceptions to the policy are only made through an appeal to the SSYHA board of directors

*This policy applies only for Pee Wee hockey and above
